

We want to inform you of an important update about QuickBooks Desktop software. Intuit, the parent company, has announced a stop sell on all QuickBooks Desktop products, including Pro, Premier, Mac, and Enhanced Payroll. This notice **does not** affect QuickBooks Enterprise.

If you are a current user of the QuickBooks Desktop software, this important update may affect your business. **We strongly recommend that DMJPS clients who are currently using QuickBooks Desktop consider switching to QuickBooks Online as soon as possible.**

There are several reasons to adopt QuickBooks Online (QBO) for your business:

1. **Accessibility:** QuickBooks Online can be accessed anywhere, anytime via desktop, laptop or mobile device. This means that your financial data can be monitored in real-time, making it easier to stay on top of your finances.
2. **Collaboration:** QuickBooks Online allows multiple users to access the accounting data simultaneously, making collaboration with your team members a lot easier and faster.
3. **Automatic Data Backup:** Data backup with QBO is automatic. You no longer have to worry about losing your accounting data.
4. **Scalability:** QuickBooks Online is scalable, which means that it can grow with your business. As your business expands, you can easily upgrade to a higher version of QuickBooks to accommodate your growing needs.
5. **Current:** As operating systems update, your Desktop file could no longer be accessible with no warning.

The DMJPS Client Accounting and Advisory Services (CAAS) team can help you navigate the transition process with experienced QuickBooks ProAdvisors and our trained professionals who are experienced with all phases of QuickBooks. From hospitality, healthcare, manufacturing, professional services, we also have years of industry knowledge and experience. DMJPS can also offer direct multi company discounts for those who opt to move to QuickBooks Online.

By consulting with DMJPS, we will evaluate and compare the features of QuickBooks Desktop and QuickBooks Online so that you can make an informed decision and assist with the migration process. Our QuickBooks ProAdvisors are available to answer any questions you may have and provide you with comprehensive support to make the transition process smooth and hassle-free.

If you have any questions about the stop sell of QuickBooks Desktop or QuickBooks Online, feel free to contact us at qbteam@dmjps.com. Going forward, making informed and efficient software choices for your business is crucial and DMJPS remains committed to helping you achieve your financial goals.

Sincerely,

Emily White, EA, CHBC
Client Accounting & Advisory Senior Manager
